Odd shapes, upside down prints, intriguing cuts and folds, and missing design elements are only a few of the different printing errors examined in this expansive collection on foreign error notes. *World Paper Money Errors* is a visually compelling avenue into the fascinating and rarely explored area of numismatics that expands on the hobby of collecting paper currency.

Author Morland Fischer's comprehensive collection reflects the attraction and advantages of exploring foreign printing errors. With over 200 examples of dramatic and colorful foreign paper money errors, collectors and speculators alike are exposed to a new form of collecting currency. The numismatic community will benefit from this thorough guide that is unlike any other on the market.

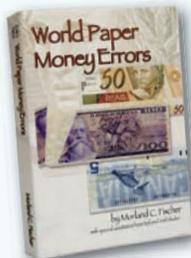

- Comprehensive collection featuring rare notes from over 70 countries.
- Provides descriptions and examples for 19 types of errors.
- Insightful comparison between domestic and foreign currency.
- Explanation of valuing notes using an innovative Foreign Error Note (FEN) Scale.
- Market price for each featured error note.
